RSAConference2018

Themes for Panel Discussion

- Trusted exchanges – common practices

- Regional approaches and differences

- Expand past the current vertical industries

- Race to the top labor market – workforce shortage

- What about the 'soft skills'

- Government – Technology – Industry – how do we best move forward

- Facilitation and retention

#RSAC

RSA Conference2018

Questions for the Panel

- What is government's role in Capacity Building?
  - Should it provide Free training; develop the training; certify the trainers?

- Can you avoid well qualified people leaving the country once they are trained?

- What experience keeps them 'at home'?

- What is missing from Capacity Building?

- What is meant by Capability; Proficiency / Maturity; or Capacity?

RSA Conference2018

Questions for the Panel

- There is a lot of technical training available.   What are the gaps?

- Do you see sufficient group versus individual training?

- Overall, organizations are showing an interest in investing. Do you see them investing in tools or in hiring high quality people?
  - What would you do to change that? Why?
